

Stinchcombe Hill GOLF CLUB

CORONA VIRUS UPDATE

Dear Members,

Further to the email sent last week the Committee want to provide an update as to the current situation.

The two members that had tested positive have now received the all clear. We have no knowledge of any other members or visitors that have been isolated with symptoms.

The Club is continuing to follow Government guidelines in line with England Golf directives. We are paying particular attention to cleaning and sanitising. We would ask all members attending the club to follow protocol regarding hand washing etc.

We will provide further updates as and when guidelines change or further actions need to be taken.

Leigh
